Art Elements! Tour
Grades Pre-K-1
45 Minutes
(About 10 minutes per stop, with four stops total.)

Tour Objectives
Students will…
• Learn about and discuss four art elements: color, shape, line, and space.
• View four different paintings in the Morris Museum’s permanent collection galleries.
• Analyze paintings to determine how artists used line, shape, color, or space in their compositions.
Tips for talking to young children:

• Ask children to sit on the floor if you plan on being in one area longer than 2-3 minutes. If possible, sit in a chair so you do not tower over the kids (it places you closer to their level).

• Ask them to repeat terms or concepts in unison.

• Ask questions—even if you don’t think they will know the answers.

• Repeat new concepts 2–3 times.

• Don’t require them to always raise their hand to talk. The museum is not school, and we want to avoid turning tours into classroom experiences.

• Use proximity—have them sit as close to you as possible.

• Speak up. Don’t be afraid of the kids being too loud. Just relax!

• Let them know what they are going to talk about.

• Wait about 4–5 seconds for responses to questions. If you don’t get any response after that time, use prompts to work answers out of them.
• If you are talking to an individual student, never directly tell them they are wrong. Instead say something like, “That is an interesting thought, but.....”

• Frequent praise participation.

• Keep it fun! Again, we are not a school. The kids, as well as their teachers, are at the museum to have a good time.

• If there is a child or group of children that is misbehaving, wait for a break in the conversation then ask the teacher to intervene. (Example: “Excuse me Ms. Smith, would you mind asking that student to pay attention/quiet down/not to touch?”) Another technique is to simply make eye contact with the teacher and point to the student who is causing a disturbance.

• Allow the teacher to add comments or information. Even outside of the classroom, teachers will still act like teachers. Many like to add to the conversation; after all, they are on the field trip too!

• Don’t try to teach autobiographical information. Stick to concepts and techniques.
